#### Policy Statement

The Greymouth High School Board of Trustees recognises that student achievement is supported by effective partnerships between families/whanau and school.

#### Guidelines

- School processes reflect the importance of the partnership between school and families/whanau to students' learning outcomes.
- School acknowledges and value the partnership with other members of our community, such as schools, early childhood education, tertiary providers, mana whenua, agencies working with teenagers, employers, local businesses and our neighbours.
- The Board will be represented at significant events involving people from outside the school.
- School publications intended for external audiences will be of a high standard in terms of language content, graphical appearance and appropriateness to intended audience.
- Past and future relationships between Greymouth High School and the community are recognised and affirmed.

#### Monitoring of Compliance

The Board will monitor implementation and effectiveness of this policy through the Principal's reports on:

- Consultation
- School/community events

#### RELATED PROCEDURES and DOCUMENTATION

- School Charter

- Standards for publications
